CORALL

Corall is the new electrified shelf. Available in four different colors, is equipped with a touch switch that activates a backlight LED, perfect as a courtesy light.

Multimedia and adaptors

New Premium series

The restyling of the Premium series sees a redesigned adapter with an aluminum ring that replace the previous plastic mask.

Standard series

The Standard Series is the new line of basic adapters. Created to replace the Compact range, it maintains the shape and dimensions similar to the Premium style.

Multimedia connectors

Available in white and black, the line of multimedia connectors satisfy the demand for multimedia: from the simple TV cable to the modern HDMI.
